## **Superintendent Contract Extension**

November 25, 2020

In our daily lives, in the midst of the COVID-19 Pandemic, we are experiencing much uncertainty, anxiety, frustration, and uncertainty. Now, more than ever, we need stability, compassion, trust, and hope.

I am proud to have joined all nine of my colleagues on the BOE to extend Superintendent Dr. Cash's contract 22 months, until June 30, 2023. This extension is about what's best and what's necessary for Buffalo, Buffalo Public Schools, the public education of 34,000 children, and our families and our community.

Since 2015, Dr. Cash has demonstrated that he's the right leader for BPS. Since the beginning of this pandemic, Dr. Cash has demonstrated that he is the right and necessary leader to lead us through and beyond this pandemic, with a clear focus on health and safety, continued learning, and social-emotional wellness.

We have a lot of work to do, a lot of current and future challenges facing us. We must tackle this work together!

Congratulations to Dr. Cash!

Larry Scott  
Buffalo Board of Education, Member-at-Large
